

Nectifirm® Advanced Technology for Firming the Neck

Before

After 2 weeks*

* Nectifirm® used twice daily, AM and PM. 1cc of Botox® was injected on the top rhytid line the same day Nectifirm® was started. The bottom rhytid line improved with Nectifirm® only. Results may vary. No other products or treatments were used on the patient's neck. Photos courtesy of Dawn Davidson, RN, Ritacca Laser and Cosmetic Surgery Center, Vernon Hills, IL.
